- Greenish Yellow
- Lemon Yellow. *
- Vandyke Brown. *
- Sepia. *
- Burnt Sienna. *
- Brown Madder

BRUSHES

Take really good care of your brushes; never leave the brushes in the water.

Every Company numbers their brushes differently, even though they might have the same size. I am adding a Photograph of the few brushes I work with, because I think it is easier for the student to end up with the right one. But it is not necessary to have all of them, three or four are enough. One can always add some later.

Other supplies:

- Water containers
- Paper towels
- Pencil and eraser
- Spray bottle to moisten paint
